01

WHO WE ARE

M&M Profuture Training, S.L. is a modern trainer provider and mobility provider founded in 2014 whose staff has wide experience in managing and implementing training procedures and activities in a great diversity of settings.

M&M staff has actively participated and coordinated projects under different local and European programmes and its strength is based on the knowhow of its team and the partnership with multinational associates from all over Europe and beyond.

M&M has a close professional relationship with different organizations, such as incubators, schools, educational organizations, business centres, companies, social organizations and industrial networks.

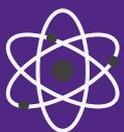

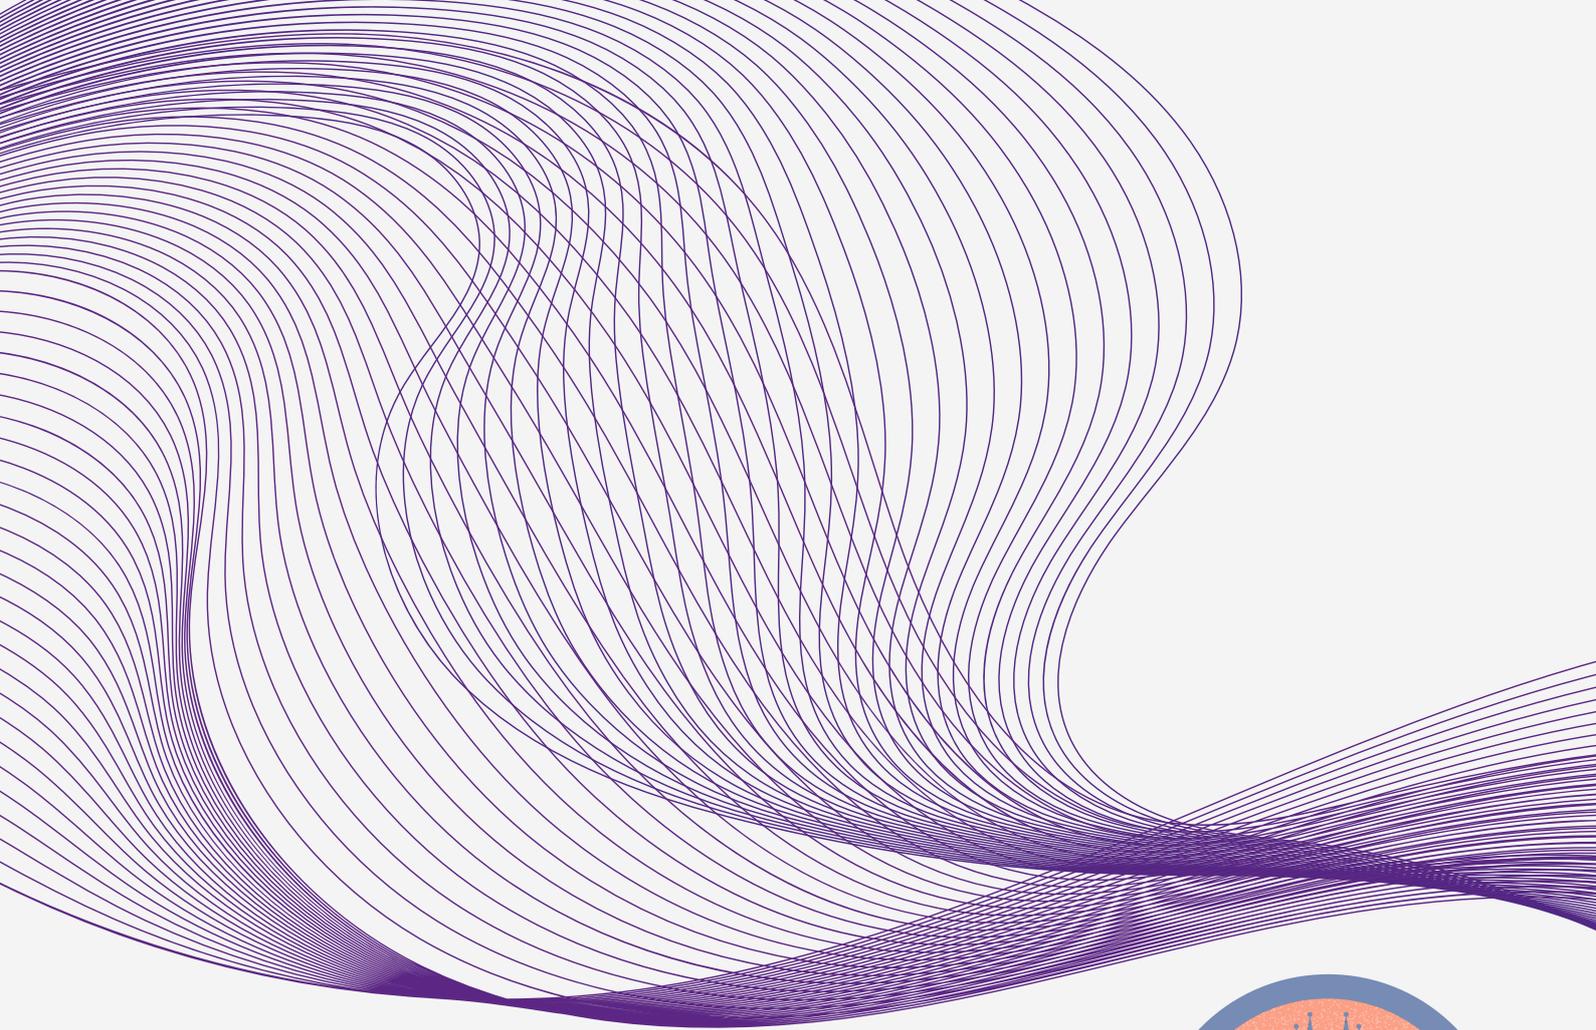

02

SERVICES

M&M provides the following integrated tailored services:

- Erasmus + experience, both in KA1 and KA2 projects
- Organization of tailored training and courses
- Analysis of training needs
- Pedagogical approach of training and development of educational models
- Evaluation of learning processes
- Promotion of workers' and students mobilities to improve their training, experience and profiles
- Design and creation of learning units and didactic materials
- Organizational support & production and transfer of innovation and know-how
- Business consulting & support
- Project planning, submission and management
- Assistance in improving employment and initiatives (e.g. orientation) paying special attention to women, young people and other groups in social and labour exclusion risk
- Organisation of cultural activities to complement the learning experience

03

BARCELONA

Barcelona is the capital of Catalonia and it is a city with a wide range of original leisure options that encourage you to visit over and over again. Overlooking the Mediterranean Sea and famous for Gaudí and other Art Nouveau architecture, Barcelona is one of Europe's trendiest cities.

It has a large metropolitan area that includes 36 municipalities, having the most political and economic weight.

Currently, Barcelona is recognized as a global city for its cultural, financial, commercial and touristic importance and by its transport network and great communications.

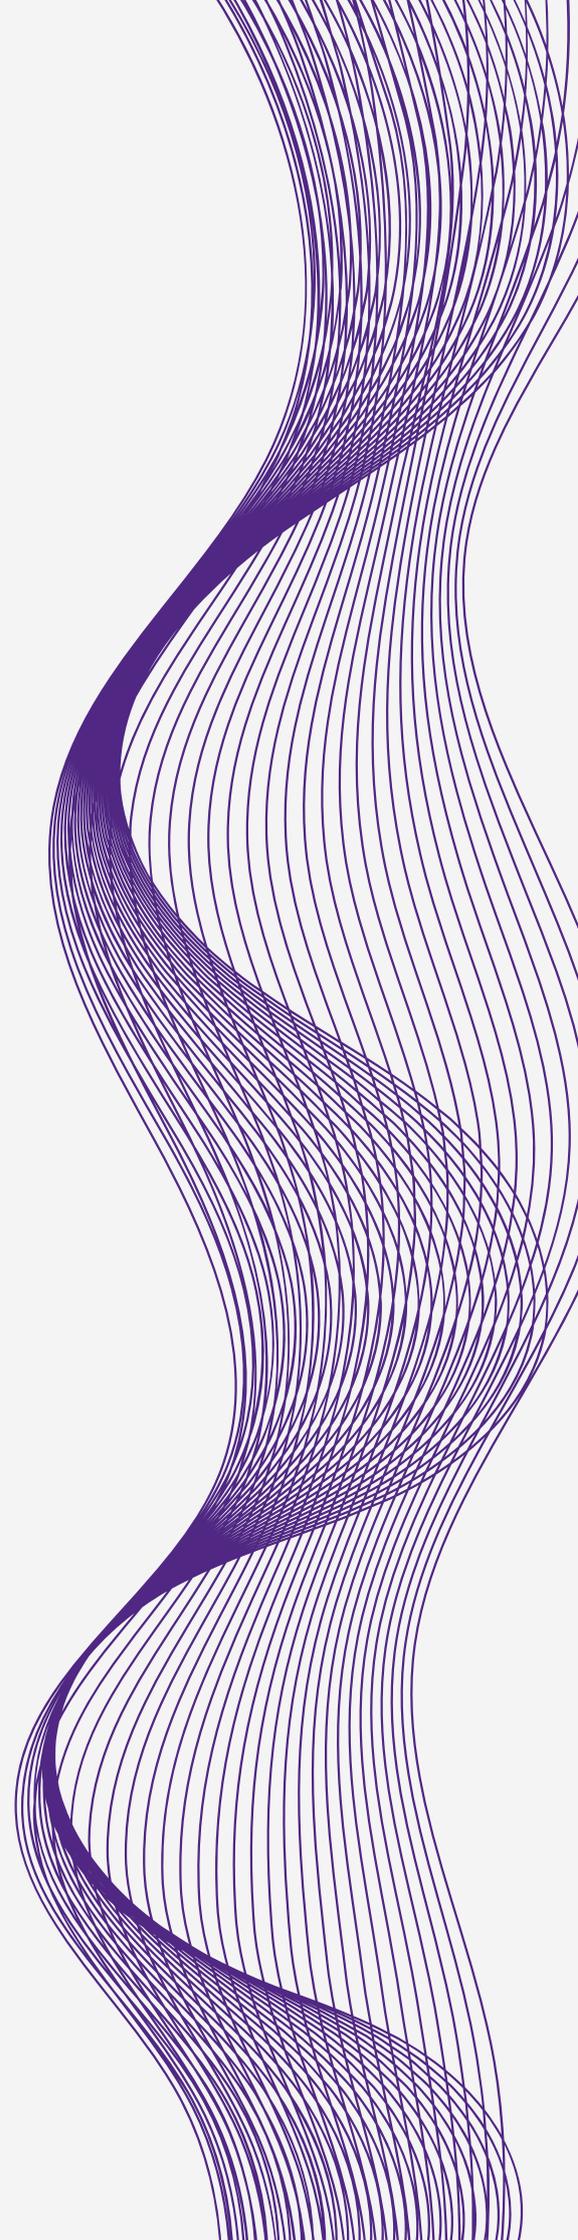

04

MOBILITIES
